

# Group travel Plauen

A cultural experience  
with a sense of flair

© S. Theilig

Plauen is ideally located for a city break, thanks to its central location on the border between Saxony, Thuringia, Bavaria and the Czech Republic and accessibility to the A9 and A72 motorways. The lace city is an ideal starting point for excursions to the surrounding Vogtland region.

The city situated at the heart of the Vogtland region is picturesquely located in the White Elster valley. Plauen lace is famous around the world – as are the charming “father and son stories” of the artist, Erich Ohser, which he published under the pseudonym, “e. o. plauen”.

We will be happy to help you plan your travel arrangements and can draw up an individual programme for your group.
